Help Pave the Way to A New School Sign

In commemoration of the Seed's 40th anniversary in 2017, we established a brick campaign to raise funds to purchase a new sign on 40th Street. The sign is now installed and we're directing current and future funds toward the handicap access walkway on our playground and eventually a new play structure. Please consider purchasing a brick to help us raise the necessary funds and to leave your own personal mark on the school's history. The engraved bricks will be installed beside the walkway leading out to the playground. Thank you for your support!
