

Art Masterpiece Needs Volunteers

**Sign up today to become part of this wonderful program.
It's easy and rewarding!**

The Art Masterpiece Program teaches children about famous artists. Volunteers present works of art to the class and lead a related art project. The students look forward to it and love making their own masterpieces.

To be a volunteer, no art background is needed, just enthusiasm for art. We provide information and supplies. Time needed is about 2 hours of preparation and 1 hour in the classroom. New volunteers attend training session in September.

**Sign up sheets are posted outside each classroom.
Please sign up by Friday, September 9.**
