

The Art Masterpiece Program Needs Your Help

The Art Masterpiece Program teaches students about famous artists. Volunteers present works of art to the class and lead a related art project. The students look forward to it and love making their own masterpieces.

To be a volunteer, no art background is needed, just enthusiasm for art. Time needed is about two hours of preparation and one hour in the classroom. Information and supplies are provided, and we offer a training session for new volunteers in September.

Look for sign-up sheets outside each classroom
to become part of this wonderful program.
It's fun and rewarding!
